CODE OF CONDUCT FOR PARENTS/SPECTATORS

As parents/guardians and spectators, we have a massive influence on the children's enjoyment (and therefore success) in playing football. All our children play football because they love the game - it's fun. No matter what standard the child achieves please remember that positive encouragement will contribute to:

*enjoyment of the game
self esteem*

*sense of achievement
improving skill and technique*

As parents and supporters our expectations and attitudes have a significant impact on the children's attitudes towards other players, coaches, officials and spectators. Please ensure that you are always positive and encouraging towards all the children that participate - not just your own or just from your own team/club.

*Applaud & encourage all the players - not just the best
PLEASE...avoid telling the children what to do/how to play
Do not raise your voice (even if in excitement...!)
Never use bad language or have a negative attitude
Never ridicule a player for a mistake
Always respect the trainers/coaches/officials decisions*

All parents, guardians & spectators must abide by HDYFC code of conduct and child protection policy.

remember these youngsters are not playing to satisfy your ambitions
